

EVERYWHERE
ALWAYS CONNECTED

EVERYWHERE Garmin inReach® Explorer+ for Government

SAFE—CONNECTED—PRODUCTIVE

SMALL, COMPACT SATELLITE COMMUNICATOR

powered by **GARMIN**

The EVERYWHERE Garmin inReach Explorer+ for Government is a handheld satellite communicator that provides global SOS, secure personnel and team tracking and two-way communications. It is specifically built for the Iridium Government EMSS Gateway to provide mobile situational awareness and increased risk management for your agency's most important asset, your people.

The EVERYWHERE Garmin inReach Explorer+ for Government combines an Iridium® Short Burst Data (SBD) modem for global communications, GPS and a Bluetooth link to the EVERYWHERE Smartphone App to enable communications among personnel and teams in the field. The EVERYWHERE Garmin inReach Explorer+ for Government operates on the Iridium Government EMSS Gateway.

Using intelligent routing, users are able to seamlessly transition between cellular and satellite for always-connected service when paired with the EVERYWHERE app. Integrated with the EVERYWHERE Hub, the inReach Explorer+ enables users to communicate with their team in the field, or in the office, no matter where on the planet they are located.

KEY FEATURES
